GUARANTEE CERTIFICATE

GARANTIESCHEIN

ZÁRUCNÍ LIST

ZÁRUCNÝ LIST

1. The Seller's guarantee applies to lightness, surface finish, stated values of heating capacity and pressure losses of heating bodies professionally installed in a closed hot water system in accordance with valid standards and decrees, including corrosion properties of the heat carrying liquid that has to be used exclusively as a heating liquid and never as a service liquid (water).

2. Heating bodies have to be professionally installed in accordance with valid standards in a closed hot water system that has been installed according to VDI 2035 with respect to protection against damage caused by corrosion and fungi.

3. When assembling and operating the product, the Buyer shall be obliged to follow the guidelines contained in the enclosed assembly instructions, as well as commonly known rules.

4. The Buyer shall verify the condition of the product upon delivery or as soon as after the handover.

5. The surrounding environment, in which the bodies have been installed conforms to requirements on surface finish of the bodies pursuant to an applicable standard as regards the corrosive action of such environment.

6. Electrical heating bodies have to be professionally installed in accordance with applicable standards and standard decrees on location of electrical appliances in bathrooms, covering IP 44 - zone 2, IP 21 - zone 3.

7. Floor convectors with ventilation must have IP 20 protection (dry environment) or IP 36 (moist environment). Bodies with heating fins have to be stored under temperatures above -5 °C.

8. The Seller shall be liable for defects of the goods upon the handover, as well as for defects covered by the guarantee and occurring in course of the warranty period.

9. Guarantee periods begin upon the date of the product sale to the Buyer:

ISAN PRODUCTS LINES:	WARRANTY:
MELODY - bathroom and design radiators	5 years; El. equipment = 2 years
MELODY ACCESSORIES - bathroom accessories, sets	2 years
COMPLEMENTARY ASSORTMENT - thermostatic sets	2 years
TERMO - trench heaters	5 years; El. equipment = 2 years Extended warranty for exchanger = 10 years
TERMO ACCESSORIES	2 years
EXACT - convectors and lamellar radiators	5 years
ECOLITE - lamellar heat-exchanger convector heaters	5 years; El. equipment = 2 years
SPIRAL - finned tube radiators	5 years; El. equipment = 2 years
ATOL - column radiators	5 years
JOY - glass radiators	2 years
SOFITO - ceiling panels	5 years

The guarantee applies to defects and failures that occur in the course of the guarantee period and are due to production faults or defects of used materials.

The guarantee can be claimed only after the submission of this Guarantee Certificate and the original proof of purchase of the product (bill) including the product specification, date and stamp of the seller, copies and bills, when making a claim will not be considered, and therefore we advise you to keep them together with the proof of purchase. The claim can be lodged only with the seller, from whom the claimed product was purchased.

The customer is not entitled to a guarantee repair in case that the heating bodies were:

- installed in buildings, facilities or premises with increased moisture levels in particular in public conveniences, car washes, animal yards, in door-pods etc.
- stored uncovered in outside areas, stored under temperatures below -5 °C
- damaged with corrosion inside and consequently due to, for instance, unsuitable chemical composition of the heating medium
- deformed after unsuitable transport or exceeding maximum operation overpressure
- damaged mechanically or manipulated with in an unsuitable manner, caused by the Buyer or during transport
- damaged intentionally or when a defect has occurred as a consequence of a natural disaster or any other influences
- provided that using the product after the occurrence of the claimed defect had changed its condition to such an extent which would make it difficult to examine the claimed defect
- unprofessional installation of the bodies, interfering in the body's structure without the Seller's consent
- used for other than customary purposes, namely drying of wet textiles directly on the radiator without the use of additional drying devices intended for such purpose and thus causing damage to the surface finish
- damaged due to using cleaning agents not intended for the specific type of surface finish of the delivered radiator
- acquired with a discount due to a defect of which the Buyer has been notified

The guarantee shall not apply to the product wear in case of non-standard use. In case no defect caused by the producer is established in an examination on the guarantee conditions are not met the cost related to such examination or repair shall be borne by the Buyer. If the goods is claimed for defects by the customer and returned by post, it has to be packed in suitable packaging in order to avoid further damaging during transport. Such defects occurring in these circumstances shall not be considered when examining the claim legitimacy.

For clearing of radiators use moist microfibre cloth. It is not suitable in any case to use abrasive or chemical detergent.
